How To Read Your Bill

Georgia Residential Customers

9 Utility Contact Information:
Name and phone number of your local utility. You should call this number in case of an emergency.

10 The DDDC Factor:
The DDDC Factor is a calculation done by Atlanta Gas Light Company (AGL) that indicates how much natural gas deliverability is reserved (or 'dedicated') for your home or business if Atlanta were to reach an average daily temperature of 100F (a 'design day'), making it unique to each home or business.

11 The BTU Factor:
The BTU Factor. A number which is multiplied by the volume of gas measured in MCF in order to arrive at the heating value of gas which is measured in millions of British Thermal Units (MMBTU).
